Peter Cocoziello, president and CEO of Advance Realty, recently spent time meeting and speaking with fifth- and sixth-grade students from JA BizTown, the newest initiative of Junior Achievement of New Jersey, an organization that's dedicated to giving young people the knowledge and skills they need to own their economic success, plan for their future, and make smart academic and economic choices.

Advance donated more than 10,000 square feet of space at the New Jersey Center of Excellence, the company's premier research and development campus in Bridgewater, for the implementation of JA BizTown's pilot program, which is designed to help students meet state standards in social studies, mathematics and English.
