

2017-18 JA Career Success® Workshop Series

Be a part of NJ's premier forum for career readiness!

Help us prepare NJ high school students for the future! We are looking for people from all career stages and backgrounds to join us for a morning and serve as a "table coach" to a small group of students. You'll share your story and career advice as you guide them through a series of engaging and interactive activities that focus on workplace communication and collaboration, problem-solving, job interview skills, and career exploration. No advance training is needed. We provide all the necessary materials and are with you every step of the way!

This program is aligned to NJ Student Learning Standards for 21st Century Life and Careers and is offered to NJ schools and students at no cost.
